Dear Parents and Guardians,

The Middle Years Team would like to welcome back your scholar(s) to Kirkbride. We are so excited to begin the 2023-2024 school year.

As a reminder, this year's 'Kirkbride Middle School' consists of 6th, 7th, and 8th grade students. Each middle school student will have four major subject teachers (Math, ELA, Social Studies, and Science), as well as expressive arts teachers.

The sixth-grade students will need to adjust to four different teachers, seventh-grade students will need to prepare for high school, and eighth-grade students will go through the high school selection process. We are confident that with your support and encouragement, your scholar(s) will be successful this year and be prepared for a great future.

We will use Google Classroom as a way of sharing assignments and projects, as well as a way for students to communicate with us when they have questions or concerns about assignments. **Parents must sign up for ClassDojo by September 15th.** Parents will receive a ClassDojo join code on the first day of school.

Please talk with your scholar about the importance of checking Google Classroom daily to access classwork, projects, and assignments. Independent research projects are given throughout the school year. We are here to support your scholar with the completion of assigned projects.

We are excited to work with you and your scholar(s) this year. We are confident that if we all work together, this will be a great school year! If you have any questions or concerns, please don't hesitate to contact us.

Respectfully,
